Based on our home visit, malar meena's family is facing financial difficulties. Her mother is a daily wage construction labourer and is also facing health issues. After the death of her husband, she has been managing the family on her own. The family is living in very basic conditions, and three families share a common toilet. Her elder sister is married and recently gave birth to a baby. Seeing the financial struggles her elder daughter continues to face after marriage, her mother wants malar meena to complete her education and build a better future instead of getting married early.

8.2. Will you recommend this student for this scholarship?

☒ Yes ☐ No ☐ Not Sure

8.3. Any other comments you want to share?

Based on our observation, we strongly recommend malar meena for this scholarship, as it would greatly support her education and reduce the family's financial burden.
